## BLOOM MAY LAND THE NOMINATION

### Appears To Have Defeated Hopple For Second Place

### Official Count Necessary To Determine Some Of The Contests

Columbus, Aug. 10.—More complete returns of the primaries indicate that several of the Democratic organization candidates for minor state offices have been defeated.

These returns also showed the advantage of a candidate's name appearing alphabetically near the top of the ballot. Some of the nominations are still in doubt.

Joseph McGhee of Jackson and Columbus believes he has defeated the Democratic organization candidate, Scott Stahl of Port Clinton, for the nomination for attorney general. McGhee has figures showing the fifteen more populous counties of the state giving him a plurality of 6,900.

Similarly, Earl D. Bloom of Bowling Green, Democrat, appeared to have defeated the organization candidate, State Senator E. J. Hopple of Cleveland, his nearest competitor, for the nomination for lieutenant governor. Harvey C. Garber, former "True Blue Democracy" leader, claimed credit for Bloom's nomination.

Lieutenant Governor John H. Arnold, who was snowed under in Hamilton county, ran strong in Franklin and Cuyahoga counties and undoubtedly was renominated on the Republican ticket over Abram W. Agler of Canton.

Joseph T. Tracy of Portsmouth, head of the municipal division of the state bureau of accounting, claimed certain victory over Hayes M. Adams of Sandusky, auditor of Erie county, for the Republican nomination for state auditor. The contest is close.

For Supreme Judge, James Joyce of Cambridge and probably Judge Augustus N. Summers of Springfield won the Republican nominations for the supreme court. Friends of Judge Cyrus Newby of Hillsboro, however, still contend that he has a good chance to beat Sommers.

Frank I. Brown of Dayton appears to have been nominated by a narrow margin over Moses B. Earnhart of Columbus for the Republican nomination for the court of appeals in the Second district, although Earnhart carried Franklin, Miami and Darke counties.

A possible result of the primaries, repeating the history of the first state primary, two years ago, will be a law providing that the names of candidates rotate on the ballot in primary elections.

Complete returns from both Franklin and Pickaway counties showed that Senator Erasmus E. Lloyd and George D. Jones had been nominated by the Democrats in the Tenth district for state senators over Charles E. Brossman and H. M. Crites.

Mayor T. A. Busby of South Vienna defeated W. O. Jackson of Springfield as the candidate for the Republicans for state senator from the Eleventh senatorial district.

According to reports received here Edwin Jones of Jackson, Republican state chairman, was re-elected to membership on the state central committee in the Tenth congressional district. His opponent was Edward Jones, a railroadman, living in Wellston.

### DISCUSS THEIR DEFEAT

Daugherty and Lentz Issue Statements—Cox On Result.

Columbus, Aug. 10.—Harry M. Daugherty, defeated candidate for the Republican nomination for United States senator, attributed his defeat to the alleged fact that both the wets and the dries were against him. He also said he was handicapped by Hughes' endorsement of Herrick. He said he would support the nominee.

John J. Lentz, defeated candidate for the Democratic nomination for United States senator, declared that primary results "have demonstrated

that the machine still has control. "It seems to me the people of Ohio have not yet realized either the importance or the value of the primary system."

Former Governor James M. Cox made this brief statement following announcement of primary results, which showed him nominated for governor by Ohio Democrats: "I am naturally gratified over the confidence reposed in me by the Democracy of Ohio. The contest this year will be a plain comparison of my administration with that of Mr. Willis."

### A. V. DONAHEY

Renominated by the Democrats For Auditor of State.

## BRITISH, DEFENDED BY GAS MASKS, USE MACHINE GUNS AGAINST FOES

BRITISH SOLDIERS WITH GAS MASKS USING MACHINE GUN

Many observers, both British and enemy, at the western battlefield bear testimony to the efficient manner in which the British soldiers have learned to manage machine guns in practice. On all sides it is asserted that the machine gun, with its ac-

curacy and rapidity of fire, is the deadliest weapon known to modern warfare and charging against batteries of machine guns in action is a task for the bravest of soldiers. In defending their lines against the present British and French offensives the

Germans have made effective use of machine guns even after their positions had been "searched out" by the terrific fire of artillery. Picture shows two British soldiers wearing gas masks operating a machine gun.

## CINCINNATI MAY LAND A FARM LOAN BANK

Washington, Aug. 10.—Cincinnati apparently secured a powerful ally in its campaign to secure a farm loan bank. Secretary of War Newton D. Baker came out strongly for Cincinnati as the location for a farm loan bank. Announcement of the secretary of war's attitude was made by Representative Alfred G. Allen of Cincinnati after a conference he had with the secretary of war. Representative Allen quotes Secretary Baker as saying: "I am for Cincinnati for the

farm loan bank." Mr. Allen says the names of the other Ohio cities were not mentioned at the conference.

**General Aguilar Reported Killed.**  
El Paso, Tex., Aug. 10.—General Aguilar, commanding the escort of Carranzista troops, and a number of soldiers and passengers are reported killed in an attack by Villistas against a passenger train at Noria station on the Durango-Torreon line. About half of the twenty Villistas in the band were killed by the troops in the fight, the Chihuahua City advices stated.

## BAKERS SOUND KNELL OF FIVE-CENT LOAF

Salt Lake City, Utah, Aug. 10.—The National Master Bakers' association, in resolutions adopted here, declared it is their "sacred duty to the public" to fix the "uniform and minimum" price of a loaf of bread at 10 cents. "Confronted by unprecedented advances in all materials, labor and

overhead charges," the resolution said, "the bakers must secure a living return upon their investment."

It is a pleasure appropriate to man for him to save a fellow man, and gratitude is acquired in no better way—Ovid.

## SUSPECTS ARE HELD

Ironton, O., Aug. 10.—Will Moore and Lindsey Cleveland, colored, alleged gun men, accused of shooting Brady Williams to death and seriously wounding Will Taylor on a Cincinnati, Hamilton and Dayton passenger train near Russell, Ky., were captured by Russell police after a chase through the hills. The men are said by the police to have confessed, but claim they acted in self-defense.

**New Zeppelin Raids.**  
London, Aug. 10.—Zeppelins raided the east coast of England and another Zeppelin raided southeast Scotland, without penetrating far from the coast, the war office announced. Five women and one child were killed and 17 persons injured.

## DEATH OF A WRITER

Columbus, Aug. 10.—Following a brief illness, Rev. George T. Cooper, sixty-four, died at Grant hospital. He is survived by his wife, one son, Dr. George W. Cooper, and two daughters. Rev. Cooper was known as a writer on theological subjects. He was graduated from Capital university in 1875.

**Leipzig's Home-Coming.**  
Leipzig, O., Aug. 10.—Leipzig's third annual home-coming day will be held at Hafner's park Aug. 17. Speeches, races, athletic contests, a big dinner and music are on the day's program. A Mardi Gras carnival, athletic events and \$250 display of fireworks will feature the evening's exercises.

## MAD DOG BITES EIGHT

Zanesville, O., Aug. 10.—A pet fox terrier dog, which bit eight people here Sunday, had rabies, according to a report from the state board of health, which examined the animal's head.

## FRENCH POET IS KILLED

Paris, Aug. 10.—Andre Godin, Egyptologist and poet, has been killed at the front by an aerial torpedo as he was leaving a communication trench at the back of the French line. His unpublished papers, the result of prolonged research, are to be edited by his fiancée, Madame Berthe De Nyse, assisted by some of Godin's scholarly friends. M. Godin was serving as a private in the commissariat when he was killed.

## DEATH OF THURSTON

Omaha, Neb., Aug. 10.—Former United States Senator John M. Thurston, sixty-nine, is dead. He had been in a hospital since July 16, when he was prostrated by the heat. Thurston was in the senate from 1895 to 1901. His speech in 1898, after the Maine was blown up, made him famous as an advocate of war with Spain. He arose from plowboy and driver of a delivery wagon to the senate.

**Lindsey For Wilson.**  
Denver, Colo., Aug. 10.—Judge Ben B. Lindsey of the juvenile court, a leading Progressive, telegraphed his assurance of "cordial support" to President Wilson in the coming campaign.

**Sank Fourteen British Ships.**  
London, Aug. 10.—An official dispatch from Berlin says that between July 31 and Aug. 5 one German submarine sank in the North sea thirteen British steam trawlers and one British government coal steamer.

## SUCCESSES MARK ALLIED DRIVES

Gains Made on Italian, Galician and French Fronts.

### TEUTONS LOSE MEN AND GUNS

Capture of Goritz by the Italians Opens the Door For an Attack On the Seaport of Trieste—Russians Pressing Forward in Eastern Galicia—French and British Gain in the Somme Region.

London, Aug. 10.—Important successes continue to mark the vigorous drives of the allies on the French, Italian and Galician fronts.

In Austria the Italians have captured the city of Goritz, twenty-two miles northwest of Trieste; in Galicia, the Russians in quest of Lemberg have further carried out their endeavors toward the capture of Stanislaw from the Austro-Germans, while in France the French and British forces in the Somme region have attacked and won additional points of vantage from the Germans.

The capture of Goritz by the Italians seemingly is as important a gain by the entente allies as has yet been attained in their present offensive, the city being the door through which the Italians may now pass in an endeavor to carry out their long cherished idea of capturing Trieste, Austria's big seaport at the head of the Adriatic sea.

In the fall of Goritz, where Rome says the Austrians were completely routed, the Italians inflicted heavy casualties on its defenders, took more than 10,000 men prisoners and captured considerable quantities of war requisites.

The city of Goritz has a population of about 30,000 and is the capital of a province. It lies on the east bank of the Isone, surrounded on three sides by mountain ridges and peaks, which constitute a natural fortress. It is the point of convergence of important railways, and the key of the whole plain opening up to the invasion of Austria from the west.

In earlier attacks upon the great Austrian stronghold the Italians had sacrificed thousands of lives. The Austrians, too, have suffered enormously in repelling Italian attacks.

**Russia Makes Gain.**  
The Russian General Lechitzky has driven his wedge further into the Austro-German line near Stanislaw, capturing positions east of that important city through which the railroad leads to Lemberg and the town of Tysmenitsa. Northeast of Tysmenitsa the Russians have crossed the right bank of the Koropice river and captured a number of important positions west of Viesnoup and southward along the Nizhni-Monastirsky railroad, making the Russian menace against Halicz greater. To the south of Tysmenitsa the Russian advance has reached to Stokovoelna.

Berlin admits the retirement of the Austro-Germans behind the Nizhni-Monastirsky-Ottynia line, but says that in the Carpathian region heights held by the Russians near Jablonitsa and Voroch and west of Tararov were captured by the Germans and that strong Russian attacks in the Delatyn district were repulsed.

North of the Somme river in France the Australians have pushed back the Germans near Pozieres 200 yards over a front of 600 yards, while the French have driven out the Germans from a trench recently captured from them north of the Hem wood and reoccupied it. In the Verdun sector heavy artillery activity is in progress at Thiaumont, Fleury, Vaux-Chapitre and Chenois.

### HOLDS IT INADEQUATE

Hughes Attacks Administration's Preparedness Policy.

St. Paul, Aug. 10.—Charles E. Hughes, speaking in the Auditorium here, assailed the administration for its preparedness policy, which he declared inadequate. "We are a spirited people," Mr. Hughes declared, "we are a people that can protect ourselves. We are not too proud to fight."

Much of the nominee's address was devoted to the Mexican situation and the calling of the national guard to service on the border. There had been warnings for two years that America should be prepared, Mr. Hughes said, yet when the time came to put an army on the border "to do police service," there was presented "a spectacle showing inefficiency of the first magnitude." The administration's embargo on arms to Mexico was criticized as "fast and loose—no policy."

## HIT BY A CLOUDBURST

Coal Districts Scene Of A Great Calamity

Hundred Persons Reported Dead In West Virginia.

### FIVE THOUSAND ARE HOMELESS

Governor Hatfield Sends Special Relief Trains and Companies of Militia to the Devastated Region—Deluge Occurred at the Headwaters of Paint and Cabin Creeks—Passenger Trains Marooned.

Huntington, W. Va., Aug. 10.—More than 100 persons have been drowned and 5,000 rendered homeless as the result of a cloudburst that overwhelmed the Coal river and Cabin creek districts of this state.

Governor Hatfield has ordered special relief trains to the scene. Two companies of the Second regiment, West Virginia national guard, have been ordered with tents to the flooded district. So serious is the situation that Governor Hatfield has gone to the scene of devastation.

Late reports estimate the damage at \$1,000,000. Eleven bodies have so far been recovered, a Mrs. Likens and her daughter, a Miss Pauley and eight unidentified persons. The entire Likens family, consisting of eight persons, is missing.

The cloudburst occurred at the headwaters of Paint and Cabin creeks and Coal river and the torrent which surged down Coal river swept its banks almost clean of villages, while the Kanawha river raised several feet, carrying on its crest houses and buildings of all kinds. Near St. Albans are marooned two passenger trains, one of which is a Sunday school excursion train. Nothing has been heard from either. The Cabin creek valley has a population of about 15,000 persons. Advice received here indicate that one-third of this number are probably homeless.

A large bridge on the lines of the Charleston Interurban Railroad company was washed away near Cabin Creek Junction.

The damage to railroad, coal, oil and gas properties throughout the district is especially heavy. Practically every coal operation as well as the plant and lines of the Virginia Power company are idle.

## WHEATMARKET SOARING

Chicago, Aug. 10.—Giant crop losses in the United States and Canada sent the wheat market nearly straight skyward. At one time the ascent of prices amounted to 1 1/4 cents a bushel. Trading closed in a whirl of excitement, showing net gains of 10 1/2 cents to 1 1/4 cents, with the September option at \$1.44 1/4 to \$1.44 1/2 and with December at \$1.48 to \$1.48 1/2.

## POMERENE DENIES RUMOR

Columbus, Aug. 10.—Senator Pomerene said there was nothing in the rumor that he may be appointed to succeed John H. Clarke as federal district judge at Cleveland. He said he expected to begin upon his campaign for re-election as soon as congress adjourns and that he expected to win.

**Two Hundred Killed at Metz.**  
The Hague, Aug. 10.—Two hundred German soldiers were killed and many injured in the recent allied raid at Metz, capital of Lorraine, according to word received here. The station and barracks were seriously damaged.
